Dear friends,

Every Albertan deserves reliable health care, safe communities, and an education system that supports the needs of students. The United Conservative Government is focused on delivering the services families like yours depend on, while protecting the jobs and opportunities that make our province strong.

The United Conservative Government is providing a record \$28 billion in funding to refocus Alberta's health care system so every patient can get the care they need, when, and where they need it. That means better access to family doctors, shorter wait times, and more support for the frontline workers who care for our loved ones.

In Alberta classrooms, the United Conservative Government investing in the future with nearly \$9 billion in funding to build and modernize more than 100 schools across the province while hiring new teachers and support staff. These investments will make sure every student has a safe, supportive place to learn and develop new skills close to home.

The United Conservative Government is also supporting law enforcement to keep communities safe. That includes hiring more sheriffs, expanding neighbourhood safety programs, and introducing electronic monitoring for high-risk offenders on bail. We know that every family deserves to feel secure, no matter where they live.

United Conservatives are standing up for Alberta. We're fighting to protect our constitutional jurisdiction, grow our energy industry, and advance a new West Coast pipeline project with support from Indigenous and industry leaders.

Our focus is simple: support what matters most to Alberta families. With better schools, reliable health care, safe streets, and good jobs, we're building a strong Alberta today and for the future.

The 2025 fall legislative session is underway, and the United Conservative Government is guided by a clear direction set out in the Speech from the Throne: Protecting freedoms, strengthening essential services, and building long-term prosperity for every Albertan.

FOCUSED ON THE ISSUES THAT MATTER MOST:

- Investing \$28.6 million for Calhome Properties (also known as Calgary Housing Company) to build mixed-income affordable housing
- \$3.08 million for Victory Outreach Foundation to convert a hotel to 48 units of affordable housing
- Supporting publicly funded spaces at the newly built Clifton House Seniors Living Home
- \$1 million for the Homes for Heroes Foundation housing project for veterans
- Supporting the building of a recreational centre in Calgary-East
- Endorsing the 17th Avenue SE Road Expansion project to Chestermere

We're working every day to advocate and support the United Conservative Government to deliver real results that make life better for Albertans and build a stronger future for generations to come.
